MEDICAL ASSISTING

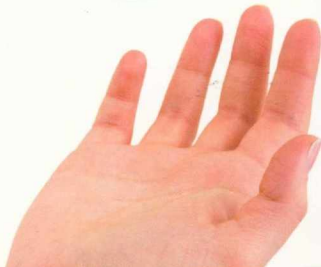

Administrative and Clinical Procedures
with Anatomy and Physiology

5e

Terri D. Wyman | CPC, CMRS

Kathryn A. Booth | RN-BSN, RMA (CMAA), PPT, CHAT, MS

Leesa G. Whicker | BA, CMA (AAMA)

McGraw-Hill Higher Education.

You may know us for our world-class editorial content, instructional development, and design. But ...did you know that our engaging, interactive digital platforms and educational services can help instructors meet the learning needs of today's students?

DIGITAL LEARNING PLATFORMS

connect

- Web-based, interactive assignment and assessment platform. Available LMS integration, assignment sharing, and lecture capture help you scale across course formats.
- Engaging student content—tagged and organized by learning outcome and chapter.

BODYANIMAT3D, a component of connect

- Integrated 3D animations help students visualize the most difficult concepts. Pre- and post-assessment questions for every animation.

LearnSmart

- Unique adaptive learning system helps students learn faster, study more efficiently, and retain more knowledge for greater success.

ACTVSim™

- Realistic patient interactions in a web-based simulation environment based on real photos.
- Unique student debriefing after every experience—including self-assessment and individualized feedback.

SERVICES FOR EDUCATORS AND INSTITUTIONS

create

- Self-service customization of high-quality textbooks and supplements. Print or e-book, color or black and white.
- Over 45,000 content elements to choose from, including McGraw-Hill textbooks. Add your own content to customize to your course and student needs.
- Account-based project management. Save, share, manage, and create projects with anyone, anytime.

Learning Solutions

- Consultative partnership approach to unique curriculum, print, and technology solutions designed for your specific needs ... for a single class or an entire institution.
- Dedicated team of learning specialists focused on your goals and outcomes, including product managers, instructional designers, eLearning specialists, and subject matter experts.

WARNING NOTICE: The clinical procedures, medicines, dosages, and other matters described in this publication are based upon research of current literature and consultation with knowledgeable persons in the field. The procedures and matters described in this text reflect currently accepted clinical practice. However, this information cannot and should not be relied upon as necessarily applicable to a given individual's case. Accordingly, each person must be separately diagnosed to discern the patient's unique circumstances. Likewise, the manufacturer's package insert for current drug product information should be consulted before administering any drug. Publisher disclaims all liability for any inaccuracies, omissions, misuse, or misunderstanding of the information contained in this publication. Publisher cautions that this publication is not intended as a substitute for the professional judgment of trained medical personnel.

The Internet addresses listed in the text were accurate at the time of publication. The inclusion of a website does not indicate an endorsement by the authors or McGraw-Hill, and McGraw-Hill does not guarantee the accuracy of the information presented at these sites.

Brief Contents

Procedures	xvii
A Closer Look	xx
Acknowledgments	xxvi
Guided Tour	xxxii

UNIT ONE: Medical Assisting as a Career

1	Introduction to Medical Assisting	1
2	Healthcare and the Healthcare Team	12
3	Professionalism and Success	28
4	Interpersonal Communication	42
5	Legal and Ethical Issues	61

UNIT TWO: Safety and the Environment

6	Basic Safety and Infection Control	98
7	Patient Reception	127
8	Office Equipment and Supplies	148
9	Examination and Treatment Areas	188

UNIT THREE: Communication

10	Written and Electronic Documents	203
11	Medical Records and Documentation	232
12	Electronic Health Records	256
13	Telephone Techniques	270
14	Patient Education	293

UNIT FOUR: Administrative Practices

15	Managing Medical Records	311
16	Schedule Management	328
17	Insurance and Billing	352
18	Diagnostic Coding	387
19	Procedure Coding	411
20	Patient Billing and Collections	432
21	Financial Management	451

UNIT FIVE: Applied Anatomy and Physiology

22	Organization of the Body	473
23	The Integumentary System	495
24	The Skeletal System	509
25	The Muscular System	525
26	The Cardiovascular System	540
27	The Blood	558
28	The Lymphatic and Immune Systems	569
29	The Respiratory System	580
30	The Nervous System	594
31	The Urinary System	611
32	The Reproductive Systems	620
33	The Digestive System	642
34	The Endocrine System	657
35	Special Senses	670

UNIT SIX: Clinical Practices

36	Patient Interview and History	685
37	Vital Signs and Measurements	706
38	Assisting with a General Physical Examination	724
39	Assisting in Reproductive and Urinary Specialties	743
40	Assisting in Pediatrics	765
41	Assisting in Geriatrics	793
42	Assisting in Other Medical Specialties	807
43	Assisting with Eye and Ear Care	828
44	Assisting with Minor Surgery	852

UNIT SEVEN: Assisting with Diagnostics

45	Orientation to the Lab	882
46	Microbiology and Disease	902
47	Processing and Testing Urine and Stool Specimens	936
48	Collecting, Processing, and Testing Blood Specimens	962
49	Electrocardiography and Pulmonary Function Testing	994
50	Diagnostic Imaging	1021

UNIT EIGHT: Assisting in Therapeutics

51	Principles of Pharmacology	1041
52	Dosage Calculations	1062
53	Medication Administration	1074
54	Physical Therapy and Rehabilitation	1104
55	Nutrition and Health	1126

UNIT NINE: Medical Assisting Practice

56	Practice Management	1153
57	Emergency Preparedness	1180
58	Preparing for the World of Work	1211

APPENDICES

- I Prefixes, Suffixes, and Word Roots in Commonly Used Medical Terms 1231
- II Abbreviations and Symbols Commonly Used in Medical Notations 1233
- III Diseases and Disorders 1235
- IV The Electronic Health Record 1250

UNIT ONE

Medical Assisting as a Career

CHAPTER 1

Introduction to Medical Assisting 1

Introduction	2
Responsibilities of the Medical Assistant	2
Medical Assisting Organizations	4
Medical Assistant Credentials	5
Training Programs	7
Professional Development	7
PROCEDURE 1-1: Obtaining Certification/Registration Information through the Internet	9

CHAPTER 2

Healthcare and the Healthcare Team 12

Introduction	13
Healthcare and Facilities	13
Medical Specialties	15
Working with Other Healthcare Professionals	18
Specialty Career Options	21
Healthcare Professional Associations	24

CHAPTER 3

Professionalism and Success 28

Introduction	29
Professionalism in Medical Assisting	29

Professional Behaviors	30
Strategies for Success	35
Points On Practice/Student Organization	36
Points On Practice/Potential Causes of Stress	38
PROCEDURE 3-1: Self-Evaluation of Professional Behaviors	38

CHAPTER 4

Interpersonal Communication 42

Introduction	43
Elements of Communication	43
Human Behavior and Needs	44
Points On Practice/Customer Service	45
Types of Communication	46
Improving Your Communication Skills	48
Therapeutic Communication Skills	50
Points On Practice/Communication and Scope of Practice	51
Communicating in Special Circumstances	51
Communicating with Coworkers	54
PROCEDURE 4-1: Communicating with the Anxious Patient	56
PROCEDURE 4-2: Communicating with the Angry Patient	56
PROCEDURE 4-3: Communicating with the Assistance of an Interpreter	57

CHAPTER 5

Legal and Ethical Issues 61

Introduction	63
Laws and Ethics	63
The Physician-Patient Contract	66
Preventing Malpractice Claims	72
Administrative Procedures and the Law	75
Federal Legislation Affecting Healthcare	78
Confidentiality Issues and Mandatory Disclosure	88
Caution: Handle with Care/Notifying Those at Risk for Sexually Transmitted Infection	89
Ethics	90
Legal Medical Practice Models	91
Points On Practice/AAMA Code of Ethics	92

- ▶ **PROCEDURE 5-1: Obtaining Signature for Receipt of Privacy Practices Notice** 93
- ▶ **PROCEDURE 5-2: Completing a Privacy Violation Complaint Form** 93
- ▶ **PROCEDURE 5-3: Obtaining Authorization to Release Health Information** 94

UNIT TWO

Safety and the Environment

CHAPTER 6

Basic Safety and Infection Control 98

- Introduction 100
- The Medical Office Safety Plan 100
- Occupational Safety and Health Administration 100
- Electrical Safety 102
- Fire Safety 102
- Chemical Safety 103
- Ergonomics and Physical Safety 104
- The Cycle of Infection 106
- Caution: Handle With Care/Respiratory Hygiene and Cough Etiquette 107
- OSHA Bloodborne Pathogens Standard and Universal Precautions 108
- Caution: Handle With Care/Proper Use of Biohazardous Waste Containers and Handling of Infectious Laundry Waste 110
- Infection Control Methods 113
- Reporting Guidelines for Infectious Diseases 116
- ▶ **PROCEDURE 6-1: Handling a Fire Emergency** 118
- ▶ **PROCEDURE 6-2: Maintaining and Using an Eyewash Station** 119
- ▶ **PROCEDURE 6-3: Using a Biohazardous Sharps Container** 120
- ▶ **PROCEDURE 6-4: Disposing of Biohazardous Waste** 120
- ▶ **PROCEDURE 6-5: Aseptic Handwashing** 120
- ▶ **PROCEDURE 6-6: Using an Alcohol-Based Hand Disinfectant** 121
- ▶ **PROCEDURE 6-7: Removing Contaminated Gloves** 122
- ▶ **PROCEDURE 6-8: Removing a Contaminated Gown** 122
- ▶ **PROCEDURE 6-9: Notifying State and County Agencies About Reportable Diseases** 122

CHAPTER 7

Patient Reception 127

- Introduction 128
- Design of the Reception Area 128

- Points On Practice/Tailoring Office Magazines to Patient Interests 137
- The Importance of Cleanliness 133
- Caution: Handle with Care/Maintaining Standards of Cleanliness in the Reception Area 134
- Office Access for All 135
- Preventing Injury in the Front Office 137
- Caution: Handle with Care/Carpal Tunnel Syndrome 139
- Functions of the Reception Staff 139
- Opening and Closing the Office 141
- ▶ **PROCEDURE 7-1: Creating a Pediatric Reception Area** 143
- ▶ **PROCEDURE 7-2: Creating a Reception Area Accessible to Patients with Special Needs** 143
- ▶ **PROCEDURE 7-3: Opening and Closing the Medical Office** 144

CHAPTER 8

Office Equipment and Supplies 148

- Introduction 149
- Computers 150
- Components of the Computer 151
- Software 154
- Software Training 156
- Selecting Computer Equipment 157
- Points On Practice/Working Efficiently Online 158
- Computer System Care and Maintenance 159
- Security in the Computerized Office 159
- Points On Practice/Guidelines for Security and Privacy in the Computerized Office 160
- Computers of the Future 161
- Administrative Medical Office Equipment 161
- Points On Practice/Recycling in the Medical Office, Hospital, Laboratory, or Clinic 166
- Purchasing Decisions for Office Equipment 167
- Maintaining Office Equipment 169
- Points On Practice/Equipment Manual Tips 169
- Maintaining Medical Office Supplies 170
- Taking a Supply Inventory 173
- Ordering Supplies 175
- Points On Practice/Ordering by Telephone, Fax, or Online 178
- ▶ **PROCEDURE 8-1: Using a Facsimile (Fax) Machine** 182
- ▶ **PROCEDURE 8-2: Using a Photocopier Machine** 182
- ▶ **PROCEDURE 8-3: Using a Postage Meter** 183
- ▶ **PROCEDURE 8-4: Using a Check-Writing Machine** 183
- ▶ **PROCEDURE 8-5: Step-by-Step Overview of Inventory Procedures** 184

CHAPTER 9

Examination and Treatment Areas 188

- Introduction 189
- The Exam Room 189
- Sanitization and Disinfection 190
- Preparation of the Exam and Treatment Areas 193
- Caution: Handle With Care/ Refrigerator Temperature Control 195
- Room Temperature, Lighting, and Ventilation 195
- Medical Instruments and Supplies 195

- ▶ **PROCEDURE 9-1: Performing Sanitization with an Ultrasonic Cleaner** 198
- ▶ **PROCEDURE 9-2: Guidelines for Disinfecting Exam Room Surfaces** 199

UNIT THREE

Communication

CHAPTER 10

Written and Electronic Documents 203

- Introduction 204
- Professionalism and Document Preparation 204
- Selecting Document Supplies 205
- Effective Writing 206
- Medical Office Documents and Correspondence 208
- Written Communication Using Electronic Format 213
- Editing and Proofreading 216
- Preparing Outgoing Mail 219
- Mailing Options 222
- Processing Incoming Mail 225
- Points On Practice/How to Spot Urgent Incoming Mail 226

- ▶ **PROCEDURE 10-1: Creating a Professional Letter** 226
- ▶ **PROCEDURE 10-2: Writing an Interoffice Memo** 227
- ▶ **PROCEDURE 10-3: Composing a Professional E-mail Message** 227
- ▶ **PROCEDURE 10-4: Composing an Electronic Patient Letter** 228
- ▶ **PROCEDURE 10-5: Sorting and Opening Mail** 228

CHAPTER 11

Medical Records and Documentation 232

- Introduction 233
- The Importance of Medical Records 233

- Contents of Patient Medical Records 235
- Types of Medical Records 241
- Documentation and the 6 Cs of Charting 244
- Appearance, Timeliness, and Accuracy of Records 247
- Correcting and Updating Medical Records 248
- Responding to Release of Records Request 248

- ▶ **PROCEDURE 11-1: Preparing a New Patient Paper Medical Record** 251
- ▶ **PROCEDURE 11-2: Correcting Paper Medical Records** 251
- ▶ **PROCEDURE 11-3: Entering (Adding) Information into a Paper Medical Record** 252

CHAPTER 12

Electronic Health Records 256

- Introduction 257
- A Brief History of Electronic Medical Records 257
- Electronic Records 258
- Advantages and Disadvantages of EHR 259
- Working with an Electronic Health Record 260
- Other Functions of EHR Programs 261
- Points On Practice/Working with Electronic Health Records 262
- Security and Confidentiality and EHR 265

- ▶ **PROCEDURE 12-1: Creating a New Patient Record Using EHR Software** 265
- ▶ **PROCEDURE 12-2: Making an Addition or Addendum (Correction) to an Electronic Health Record** 266
- ▶ **PROCEDURE 12-3: Creating an Appointment Matrix for an Electronic Scheduling System** 266
- ▶ **PROCEDURE 12-4: Scheduling a Patient Appointment Using an Electronic Scheduler** 267

CHAPTER 13

Telephone Techniques 270

- Introduction 271
- Telecommunications Equipment 271
- Points On Practice/Routing Calls Through an Automated Menu 272
- Effective Telephone Communication 275
- Telephone Etiquette 275
- Points On Practice/The Wireless Headset 276
- Types of Incoming Calls 278
- Managing Incoming Calls 281
- Points On Practice/Screening Incoming Calls 282
- Taking Complete and Accurate Phone Messages 284
- Placing Outgoing Calls 285
