Abstract

Administrative management of foreign labor in Vietnam is not new topics, but always topical. Administrative management of foreign labors how to effectively, while enhancing the capacity of domestic labor is the topic that interest the dissertation author. In this dissertation, the author analyzes the legal status administrative management of foreign labor, the actual use of foreign labor, and the authors also survey to find out more about the inadequacies of policy, law to make recommendations as appropriate. Specifically, in the dissertation, the author has given data of foreign labors working in Vietnam and analysis of the current legislation on labor contracts for foreign labors, employment conditions use, recruitment procedures, workplace safety, compensation... for foreign labors. Thus, the policies and regulations on foreign labor management basically refer deeper, wider. Of course, if the regulations governing foreign labor tight fit will enhance the capacity of domestic labor. Finally, the authors make conclusions and recommendations of the special products specifically with the Draft Law on foreign labors.
