ACKNOWLEDGMENT

Completion of this doctoral dissertation was possible with the great support of the following teachers, schools and individuals to whom the researcher would like to express his special thanks:

Dr. Cecilia N. Gascon, President of the Southern Luzon State University, Republic of the Philippines for permission of training for Doctor of Philosophy in Educational Management in International training center, Thai Nguyen University;

Dr. Dang Kim Vui, President of Thai Nguyen University for allowance the training for Doctor of Philosophy in Educational Management in International training center, Thai Nguyen University;

Dr. Ricaryl Catherine P. Cruz, lecturer of Southern Luzon State University, Philippines Republic for enthusiastically instruction in the completion of this research;

Dr Apolonia A. Espinosa and Dr. Teresita V. Dela Cruz, for their suggestions and recommendations;

Dr. Tran Thanh Van, Head of Postgraduate, Thai Nguyen University and **Dr. Dang Xuan Binh**, Director of International Training Center for their kind support throughout the course of this study;

Rector of the Vocational Schools in Bac Ninh Province, especially **Master Nguyen Hong Nam**, rector of Bac Ninh Vocational College of Construction and Engineering for his contribution in the survey questionnaire to enrich the database for my study;

Managers, lecturers, teachers and individuals for their participation in answering the questionnaire in the survey of this research;

The researchers' family, his loved ones for encouraging him at every phase of the research, giving him the determination to go through the most difficult stages of the research.

CBC

DEDICATION

This research could not be completed without the precious supports, helps and encouragement from those people below who I would like to send my special thanks. First of all, I would like to express my thankfulness to my tutor for the continuous support from initial advice and contacts in the early stages of conceptual inception and through ongoing advice and encouragement to this day.

A special thank of mine goes to my friends in Bac Ninh Vocational College of Electromechanical and Construction, Bac Ninh Vocational College of Economic Technical School, Vocational College of Management – Technology School, Vilacera Vocational College, Bac Ninh Economic Technical Vocational Middle School, Au Lac Vocational Middle School, Thuan Thanh Vocational Middle School, Dong Duong International Vocational Middle School, Thuan Thanh Vocational Middle School of Economics - Engineering and Traditional Handicrafts, Vocational Middle School - the Department of Defense for giving me permission to commence this thesis from the initial stage to the end, to do the necessary research work and to use current status of training quality management and data of the schools for my analyses. I also want to thank all respondents for helping me to carry the survey of questionnaire in order to collect the primary data which is necessary for data analysis.

My particular thank goes to my classmates and the teachers of this course in helping me to expand my knowledge in the topic in my thesis. This program really brought us together to appreciate the true value of friendship and respect of each other.

I wish to thank my family for their precious support during my working. The last but not the least I want to thank my wife who patiently love and enabled me to complete this thesis in time.
